Thence North 00°08'00" West 2631.31 feet to the Point of Beginning, containing 124.15 acres.

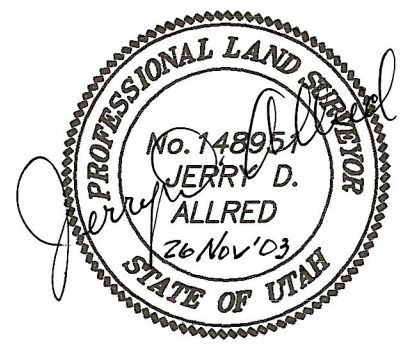

NARRATIVE

This survey was performed at the request of the Utah State Department of Parks and Recreation for the purpose of establishing the boundary lines as shown on this plat. The controlling corners of the survey were found as indicated. The Bureau of Reclamation (BOR) had performed a survey of the area in the early 1960s, (the boundary survey plat being dated 1966) for the Starvation Reservoir right-of-way and had subdivided Section 33 at that time. Brass caps in concrete were set at the corners of the Reservoir right-of-way line during the BOR survey. These corners were found as shown and used for this survey.
